

www.DogsAcrossAmerica.org

*Calling all dog powered sports enthusiasts! Start getting ready for the first ever **Dogs Across America Relay event**. Dog scooterers and other participants in dog powered sports are organizing Dogs Across America, a public relay event to demonstrate the pulling and traveling ability of ordinary (and extra-ordinary dogs). In each participating State, teams of dogs and humans will relay a length of the longest or most important trail in the State.*

WHEN?

The event will take place on the weekend of December 2nd-4th, 2005 Any wheeled device may be used. Dogs can pull scooters, bicycles, sulkies, dryland mushing rigs, wagons, roller blades, skateboards, roller skis, wheelchairs or even humans on foot (canicross).

More information can be found at www.DogsAcrossAmerica.org, including a map showing which states are participating and database of the state leaders and the trails in each state where the event will be held.

INTERESTED IN JOINING IN ON THE FUN?

We would love to have you and your dogs join us, but in the interest of being organized, we need to register everyone that would like to participate. **We are now accepting registrations** at the signup page on our website, www.DogsAcrossAmerica.org. You can also navigate to your state and click the signup link from that page.

We are a loose group of dog lovers. Many of us converse about dog scootering on the Yahoo Group DogsLoveToRun: (<http://groups.yahoo.com/group/DogsLovetoRun/>). The Internet allows us to organized this event in spite of a lack of formal structure as a club or non-profit. You can also find more information about this event on the website: www.DogsAcrossAmerica.org

CONTACT

Each participating State (see map on website) has a coordinator or set of coordinators. To find out if there is one in your State, click on your State in the online map. Please consider volunteering if there is no coordinator.
